Machelle and James –

Good Morning –

Pursuant to the last Core Accreditation Meeting, attached is the list that I did at the end of the 2014 legislation session which lists all the places that requires the Department of Health, Board of Health or Commissioner of Health to perform some action.

Julie has contacted me concerning conducting a review of these statutory requirements and stated that Senior Leadership may wish to be involved in the process.

Additionally – Hank's staff has conducted such reviews for their areas of authority. Those reviews are attached as well.

If you have any questions, please let me know.

Thanks!!!

Did You Know the lives of 5320 Oklahomans could be saved each year if our state simply met the national average for health measures?
